INTRODUCTION AND STORY

Arena of Warriors is a play-to-earn metaverse RPG game designed to provide the users a joyful experience by summoning warriors with their unique abilities to challenge monsters and search for glory. Forging powerful weapons, controlling lands, slaying monsters, joining guilds, fighting in guild wars, challenging World Boss with guild members, and PVP system together for obtaining \$AOW tokens. From then, each player will contribute to creating their own storyline.

At Arena of Warriors, we believe that having a unique warriors and/or items is one of the ways the game can be appealing and engaging, but also rewarding to the players. There is a degree of randomness, as well as a sense of ownership.

VISION AND VALUE

Design a stable economy system for the game.

Each NFT has its own uniqueness, rarity, and advantages.

These components are considered valuable digital assets and are tradable within the NFT marketplaces.

Create a healthy playground and extremely high community cohesion with features such as PVE and PVP, boss fights and guilds to improve player activity.

Build a great gameplay that brings high entertainment value to players, making it easy for users to access gamefi.

PLAY, ENJOY, EARN

At Arena of Warriors, we aim to balance the two main pillars:

- Providing a passive income for every player.
- Immersing players into an enjoyable playing environment.
